Determination of the actual validity of the claim will be made in subsequent proceedings in the action and will not be affected by the decision at the hearing on the application for the order.
 - b **XX** If you desire to oppose the issuance of a right to attach order, you must file with this court and serve on plaintiff no later than five days prior to the date set for hearing in item 3, a notice of opposition and supporting affidavit as required by CCP 484.060.
 - c If a right to attach order is or has been issued, a writ of attachment will be issued to attach your property described in plaintiff's application unless the court determines that such property is exempt from attachment or that its value clearly exceeds the amount necessary to satisfy the amount to be secured by the attachment. However, since the right to attach order will not necessarily be limited to your property described in plaintiff's application, a writ of attachment may later be issued to attach other of your nonexempt property.
